

STP Completion Criteria 2020 – Routes to completion of the One File portfolio

Criteria for 2020

- Trainees must complete all rotation modules, their professional practice module and 1 MSF as a minimum on One File.
- If trainees do not achieve full completion of their specialist modules they will require their clinical competence to be signed off by a registered HCPC Clinical Scientist.
- Trainees who do complete all specialist modules and complete all other requirements of the e-portfolio will not be required to be signed off by a registered Clinical Scientist
- Trainees are not required to complete their elective modules and only required to complete 1 MSF this year instead of 2.
- A module is deemed complete if all competencies and assessments required of that module are completed to a satisfactory standard and signed off by the relevant assessor. Trainees with competencies and assessments still pending assessment are not deemed to be complete.
- Trainees will be able to complete all requirements on the e-portfolio as with previous completion processes should they wish to

Route	Description	Requirements	Activity on One File	Other requirements
1	Standard completion (prior to 2020)	<ul style="list-style-type: none"> • All specialist/scientific modules completed with a satisfactory outcome • All rotation modules completed with a satisfactory outcome • Professional practice and elective module completed with a satisfactory outcome • X 2 MSF 	100%	MSc pass IACC pass
2	A 2020 - no Clinical Scientist sign off required	<ul style="list-style-type: none"> • All specialist/scientific modules completed with a satisfactory outcome • All rotation modules completed with a satisfactory outcome • Professional practice module completed with a satisfactory outcome • x 1 MSF 	Less than 100%	MSc pass IACC pass
2	B 2020 – Clinical Scientist sign off required	<ul style="list-style-type: none"> • All rotation modules completed with a satisfactory outcome • Professional practice module completed with a satisfactory outcome • x 1 MSF 	Less than 100%	MSc pass IACC pass Sign off by HCPC registered clinical scientist
