

What has been achieved – Life Sciences updates

Dr Jo Horne

Scientist Training Programme (STP) Training Programme Director

Healthcare Science Dean for the Midlands

www.hee.nhs.uk

We work with partners to plan, recruit, educate and train the health workforce.

What has been achieved – Life Sciences updates

- Our standard offers: STP and HSST
- Additional national offers
- Additional regional offers
- Life Sciences work in development
- Getting in touch with us

Our standard offers: STP and HSST

STP

- Expansion of STP commissions in life sciences and genomics for 2023/24
- New curricula for 2022 (except microbiology)
- Histopathology STP relaunched for 2022
- Portal now closed for 2023/24 entry

HSST

- Expansion of HSST commissions in life sciences and genomics for 2023/24
- Portal now closed for 2023/24 entry

Additional national offers

Histopathology

- Funding IBMS/RCPATH histopathology dissection and reporting qualifications

Pathology

- Pathology Practice Educators in 29 pathology networks
- Led by NHSEI, hosted by Trusts

Genomics

- Projects led by NHSEI/GMSA
- Genomics Practice Educators
- Genomics Training Academies

Additional regional offers

Biomedical Science top up modules

- Being offered again in many regions following successful project in winter 2021
- Offer covers degree assessment, top up modules, and registration portfolio

Biomedical Scientist postgraduate MSc study

- Now being offered in some regions and scoped in others

Healthcare Science apprenticeships

- L2, L4, L6 apprenticeships in life sciences
- Includes L2 and L4 healthcare science apprenticeship; Biomedical Science Degree Apprenticeship

Life Sciences work in development

Histopathology Genomics

- PG Cert in Histopathology Genomics
- Expected for 2023/2024
- Upskilling of Biomedical Scientists and Genetic Technologists working in Histopathology departments

Haematology Genomics

- PG Cert in Haematology Genomics in development
- Expected for 2023/2024
- Upskilling of Biomedical Scientists and Genetic Technologists working in Haematology

Getting in touch with us

- NSHCS Clinical Scientists with Life Sciences background
- Working with our colleagues across regions
- Tell us what you need so we can try and help you
