Training Officers Network

Clinical Scientific Computing
Training Officers Network

Do you need a Training Officer Network?

THE AGENDA FOR THIS MEETING IS TO TRY TO FIGURE OUT WHY WE'RE HAVING THIS MEETING.

- What will be gained if you have a Training Officers network in your specialism?
- Will the initial effort to put one together result in less work in the future?
- What are your current priorities?
- There is nothing wrong in answering "NO" to this question

© marketoonist.co

What Type of Network?

- Theme specific?
- Specialism specific?
- Larger specialisms
 - Regional Specific
- Just STP?
- Other Training programmes?
 - HSST
 - PTP
 - Apprenticeships

Initial Contacts

- Your own networks
- NSHCS mailing lists
- NSHCS website
- Professional Bodies

Take part in the inaugural meeting of the Clinical Engineering Training Officer Network

STP

[Twitter](#) [Facebook](#) [LinkedIn](#) [Email](#)

Join us for our first meeting where you can ask for advice and swap ideas with fellow training officers.

Published on: 30th March 2022

Are you hosting a Clinical Engineering STP trainee in 2022 or thinking of hosting one in 2023 or currently have a Clinical Engineering trainee on programme? Would you like to be part of a network of Clinical Engineering Training Officers where you can exchange ideas and ask for advice?

If so please join us for an online meeting on Friday 8th April at 14:30. If you can't make this meeting but would still like to be involved in the network please let the school know nshcs@hee.nhs.uk
